

UNDERSTANDING YOUR TODDLER

This 5 week group program aims to help you and your family understand more about your growing toddler in a supportive and enjoyable Vietnamese speaking group. The sessions explore the following areas:

- Child development and behaviour
- The importance of play and tips on high quality play skills
- Taking care of you and your toddler when things get hard
- Tea, coffee and a light snack will be provided.

Vietnamese families with children between 12-24 months
